

Figure 2

STATION 2: sponge, string and carrots

- ☆ Cut **sponge** to 1" cubes; cut **string** to about 12" lengths; cut **carrots** to 1" lengths.
- ☆ Provide black paper, white and pink paint, and brushes.

How to use station: Brush paint on carrots and make prints by pressing carrot several times before repainting. Dip sponge in paint, wipe on edge of paint container to remove excess paint and make repeating prints before re-dipping. Dip string as in STATION 1.

STATION 3: Any 3: Green pepper, mushroom, star fruit, onion, orange, celery

- ☆ Cut in **cross-sections**, although if using both **onion** and **orange**, then orange should be sectioned for variety.
- ☆ Provide **yellow paper**, two shades of **green paint**, and **brushes**. (Change the shade of one of the green colors by adding black.)

How to use station: Brush paint on vegetable or fruit piece and press repeatedly before repainting.
