

All three paintings of the men here were done more than one hundred years ago.

Look at the kinds of colors used in each one. See how bright and colorful the painting by van Gogh is! Vincent van Gogh is known for using bright colors rather than the dull browns that earlier painters used.

In what other ways are the paintings different from one another? How are they alike?

Titian, *Portrait of Count Antonio Porcia*, 1548

Van Gogh, *Segatori*, 1887

Krohg, *Paris Cab Driver*, 1898
